SUSC is excited to welcome Russ Colley and his coaches to the SUSC Family!

Russ took over Tidal Wave SC 2 years ago and has established a great relationship with many soccer families in the South Coast / Rhode Island Region. He is excited to take up a bigger role within the club and help Seacoast United extend their influence in SE Mass and RI.

Seacoast United has earned a first class reputation for developing players. They are also keen to establish healthy relationships within their communities and Regional Director, Paul Turner, is looking forward to helping Russ thrive in this exciting and competitive region.

"Russ has established trust and has built many friendships within his local community. I am excited that SUSC will be able to offer pathways for both boys and girls, not previously available in the region. We still operate as a "family" based club, but have lots of opportunities for players' striving to play in the most competitive environment" stated Paul. " I am excited to meet families that have worked with Russ over the past 2-3 years.

Paul and Russ have been discussing this move throughout the spring season and with tryouts for the 2021/22 season just around the corner we are confident that we'll bring a whole new experience for aspiring young soccer players.
